

Queen of the Campus

WINNING SOPHOMORE—Faye Clausen, 19-year-old Physical Education Major who was elected Poly Royal Queen yesterday, will reign over the weekend-windup April 29 and 30. Faye was chosen from five finalists in a campus-wide election. Princesses Sandra Jackson, Barbara Rhodes, Jan Devote and LeRae Donaldson will form the Queen's Court for the annual campus celebration. Faye is interested in music and art, and her future plans include teaching and commercial art work.

Dean Cites Need for Increased Fees for Activity Building

The possibility of a 3-story Student Activity Building, a finance committee report and the price of the western dance for Poly Royal were discussed at the Student Affairs Council meeting Tuesday.

At last week's SAC meeting Dan Lawson, Associate Dean of Activities, discussed the possibilities of replacing the planned new book store building with a 3-story Student Activity Building. The book store building with a 3-story, 2-level but an underground floor and a third floor would be added. To make this possible, a \$5 a year student body fee raise was discussed. The raise would take place only if a student body election favors the decision and approval is granted by President Julian McPherson and the State Director of Education.

Tuesday night Lawson said, "There is a possibility that we could build the book store and the shell of the basement floor without the \$5 raise in student body fee."

"Therefore the basement floor, bowling alleys and other recreation areas would not be in operation, and we would not be getting any profit from it to build the third floor of the building," said the associate dean.

Lawson continued by saying, "With the increase in student fees it might be possible to have the basement floor operating and the shell of the third floor will look finished from the outside."

"If the \$5 raise is defeated by

the student body, it might be considered a lack of student interest in such a facility," said Lawson.

The question was brought up at the meeting if write-in candidates are legal for Poly Royal Queen.

"According to the Poly Royal code, write-in candidates are not legal and those students writing in a candidate will have their ballots voided," said Bob McCorkle, ASB Vice President. "The codes have been decided upon and in order to have an orderly process of government we must maintain these codes."

"Group pressure will do no good in a case like this," commented Lawson, "and I will be glad to talk to anyone who is interested, and has a question."

Graduate Manager Bob Spink announced the State Gymnastics Meet will be held here Saturday, April 9 and proposed that a 75 cent charge for general admission and a 25 cent charge for students be carried through. "The reason for charging the students is that it is a state meet," said Spink. The recommendation was approved.

Don Bryant, Poly Royal Board Chairman, requested that a motion be carried to charge for the Poly Royal Western Dance. The motion was carried.

Dick Robben, Westminster Fellowship spokesman, asked the council's permission to circulate a petition which calls upon the council of Vanderbilt University to re-

(continued on page 2)

Wisdom Of West Is Next On Books At High Noon

"The Wisdom of the West" by Bertrand Russell will be the next presentation on Books at High Noon.

The review will be made Tuesday, April 12, in J.B. 118 by Loren Nicholson of the Journalism Department.

"The book, itself, displays an interesting dimension in communication containing some 800 illustrations, at least half of them in color," says Nicholson. He adds that the illustrations are not ordinary because they "utilize symbolism and abstraction as a means of expressing ideas that do not readily take familiar image form."

The review in TIME says, "In a prodigious feat of analysis, narrative and condensation, Bertrand Russell has compressed the history of the western philosophy in 820 pages."

Flower Team Is Tenth In National Contest

The Cal Poly Ornamental Horticulture Judging team recently participated in the annual Intercollegiate Flower Judging contest at Oklahoma State University and returned with tenth place ribbon.

Washington State University, fourth place winner, was the only western college that placed higher than Cal Poly.

Instructor Ray Houston accompanied the team. Team members were Ronnie E. Morgan, OH freshman; Darence Kerner, Rio del Mar senior; Leonard Grillo, OH sophomore; and James Jorrick Jr., OH freshman.

The Cal Poly team was the only entrant from California. The contest was sponsored by the Society of American Florists and P Alpha Xi, honorary floriculture fraternity.

Student Body Elections Start Tuesday

Dixieland Jazz Set For Poly Royal

Dixieland jazz will set toes to tapping April 29 at 8:30 P.M. in the AC Auditorium as one of the many Poly Royal activities gets under way. Columbia LP recording star Nappy La Mare and his Levee Loungers will put on a performance that will captivate the interest of the many music lovers visiting the "Country Fair on a College Campus."

Jazz enthusiasts and other fun-seeking visitors will be able to hear and enjoy old standards such as "Bill" Bailey, Won't You Please Come Home?, "South Rampart Street Parade," and "Riverboat Shuffle." La Mare, "Mister Dixieland" himself, was a headlined performer in the big Jimmy Dorsey and Paul Weston bands before striking out on his own. Since then his success has been phenomenal.

"Standing room only" greeted La Mare at the Preview Club in Chicago, Ill., the Theatrical Lounge in Cleveland, Ohio, and Porky's in Fort Lauderdale, Florida. He is a favorite at Zardies in Los Angeles and played a ten month stand at the Los Angeles Palladium.

La Mare and his band are sponsored by the Poly Phase Club who are also sponsoring the carnival dance.

Riders, Ropers Take Top Honors

Cal Poly's rodeo team won their second all-around championship in Tucson, Ariz., last weekend competing against eight other college teams.

Cal Poly ran up a total of 580 points with University of Arizona 40 points behind.

Jack Sparrow, AH freshman, won the reserve all-around individual cowboy title, placing first in the calf roping event, and third in the bareback bronc event.

Riley Freeman, AH senior and rodeo team captain, took first place in the bulldogging event and third in the two-day average for calf roping.

Bill Nielson, ABM junior, took first in calf roping on the second day and placed second in the bulldogging event.

In the saddle bronc event, Marvin Smith, AH junior, placed second and Jim Walker, AH sophomore, placed third. Smith also split third and fourth places in the bull riding event.

R.C. Nunes, ASB sophomore, split fourth and fifth places with Walker in the ribbon roping contest. Walker also placed fourth in the bulldogging event.

The next intercollegiate rodeo will be held during Poly Royal, with seven other college teams participating in the two-day event.

Nine in Race For Three Positions

Election of student body officers will begin April 12 at 8 A.M. and will continue until April 18 at 1 P.M. Election booths will be located in front of the Post Office and Library.

"This year we have nine qualified students running to be your next officers, and each and every student body card holder has the right to vote and should take advantage of this right," says Bob McCorkle, Associated Student Body Vice-President.

Robert Boster, Tom Bragg, Howard Bryant, Cedy Evans, and Victor Leedy are candidates for ASB President.

Vying for the position of Vice-President are George Maybee and Jerrold Gubbis. Jim Clark and Al Pease are seeking the position of secretary.

The presidential candidates have this to say:

Robert Boster

"At this time, rather than publish a campaign speech, I would like to reach those members of the student body who will be unable to attend Monday night's campaign assembly.

"First may I say that I have become very active in student activities in the past three years—not only departmental activities, but also those of the entire student body. I have been a member of the finance committee for three years and have been a proxy at SAC meetings many times, thus becoming quite familiar with officers responsibilities. I am a member of Alpha Beta and Blue Key, honorary and service fraternities. I am also a member of numerous other clubs in the Agricultural and Arts and Sciences Divisions. Last year I was president of the California Association of Future Farmers of America.

"I believe that living and working with students on this campus is pleasant as well as challenging. We have a student body membership that is beginning to grow because of our newly added facilities. We are, as so many have so ably stated, an "activity campus" with many broad and diversified interests. It is sometimes difficult to incorporate all of these into one strong student government. However, I believe that Cal Poly can, and will, hold true to the best traditions and I, for one, would like to contribute a portion of my time on your behalf."

Tom Bragg

Tom Bragg transferred to Cal Poly from the College of San Ma-

(continued on page 2)

Election Carnival Tomorrow Night

An election carnival, to acquaint students with the student body office candidates, will be held tomorrow at 8 P.M. in Crandall Gym.

The floor show, dancing, music, and campaign booths will be open to students, according to Bob McCorkle, ASB Vice President.

A dixieland band will begin at 8 P.M. when the booths open, and dancing will begin at 8:30 P.M. The first floor show begins at 9 P.M.

The affair is being presented by the College Union Social Committee and the present ASB officers.

No Motor, No Bells!

For whom the bells don't toll! For students who might wonder why the carillon bells have not been ringing, Marcus Goid of the Audio Visual Department reports that a clock control motor has burned out.

The chimes, located in the administration tower, have been quiet since 12:30 A.M. Monday. A new motor has been ordered from Pennsylvania.

Book Gift Completes Volume Collection

With gratitude to Mrs. Linnea Walts, the Cal Poly library staff has been able to complete a volume collection of the transactions of the American Institute of Electrical Engineers.

Mrs. Walts, editor of the Morro Bay Sun, donated the missing volumes, numbers 66, 67, and 71, making the entire series very valuable, according to Francis S. Allen, Head Librarian. Allen said that with these additions, engineers will be able to trace the development of Electrical Engineering from 1894 through 1959.

CHILE MINDED—Cal Poly persons participating in the Model UN activities being held this week at the University of California at Berkeley are, standing left to right: Tom Nolan, Social Science Instructor and Advisor; Lauri Martin, William Sanford, Lattit Hotaki, Bruce Bultsbaach; sitting, Allan Ochs and Carol Hord. Cal Poly students are representing Chile. Eighty-one colleges are participating in the session.
(News Bureau Photo—Ryan)

Poly Personnel Participate At Junior Livestock Show

Cal Poly personnel will participate in the Junior Livestock Show being held in the San Francisco Cow Palace April 9-13.

Several members of the Agricultural Education department will work with the Future Farmer of America office in the management phases of the show. They will be under the supervision of H. H. Burlingham, Teacher-Trainer.

Also participating will be Vard Shepherd, Dean of the Agricultural Division; Lyman Bennion, Animal Husbandry Department Head, and Russ Nelson of the Dairy Department.

Nine in Race for Three Positions

(continued from page 1)

teo. Since coming here he has been active in many phases of student government. He began by joining the College Union Program where he was soon elected as chairman of one of the committees. This year he has been elected chairman of the College Union Board. In this capacity he has been a member of SAC, the supreme governing body of the student body. He is a member of IAS, ARE, Alpha Phi Omega, and the Fall Leadership Committee.

Experience is vitally important for Student Body Officers and Tom

feels that for a smooth running student government, experienced officers are a must. This fact should be the prime concern of the voters.

Howard Bryant

"The duties of ASB President are many and diversified. In order to perform these duties, the Student Body President must have ability, experience and time. I feel that I meet these qualifications for Student Body President."

"I realize that the president cannot change the face of the campus in one year. However, there are some ideas I have which I offer to you, the voters, as possible improvements: let's expand our college union program to include more special activities; let's increase inter-division co-operation by scheduling meetings of the council chairman to discuss problems which are brought up in division council meetings; let's increase student services such as car garage, parking facilities, and intramurals."

"If elected I will do my best to carry out these campaign promises by means of a sincere and conscientious effort. Regardless of your choice, let's all vote, so that the person elected will be the true choice of the student body."

Cody Evans

Cody is a 20-year old junior majoring in Industrial Engineering. He graduated from Glendale High School where he was affiliated with student government and affairs. Cody's beliefs on the position of student body president: "I believe that the president and the student government should serve the students as a group and as individuals. This includes the sore spots like a campus radio station, fraternities, and the problems ranging from registration to on-campus parking. There is no other way to get results for the opinions, problems and situations placed upon the individual. If the students want anything or have any problems, they must be able to receive help and backing from their representatives (elected officers). The purpose of our system is to represent and serve the student, but not to restrict or control him."

Victor Leady

"Before deciding to campaign for the office of ASB President, I asked individuals what attributes they believed a student body officer should have. The characteristics most often mentioned were enthusiasm, experience in student government, knowledge of Cal Poly's philosophy and an understanding of Cal Poly's particular style of government."

"I like to believe that my experience here at Cal Poly has helped me to meet these qualifications. I believe that my most rewarding experience and greatest knowledge of Cal Poly student government has come from my association as a member of Student Affairs Council and as a divisional council representative."

"Being identified with Cal Poly's

Foreign Students Study Poultry In Tech Course

Four foreign countries are represented by 10 International Cooperative Administration students in a special eight week Poultry Husbandry Technical Course here.

The students have had extensive education and background in poultry. They will receive further comprehensive training in poultry production, breeding, nutrition, housing, management, disease control, marketing and processing in the Cal Poly program.

The ICA students will complete the program at Cal Poly May 14, and will leave for further study at Texas A&M before leaving the United States for their home countries.

Grange Youth Meet Sunday

More than 100 of California's young men and women will convene on campus April 10 for a five-day Youth Conference sponsored by the California State Grange. Theme of the convention is "Awareness of Initiative."

The Grange announced that the purpose of the gathering is to serve Grange members and to train Grange youth by developing leaders who are aware of the needs of the family and community and who have the initiative to take a leading role.

Some of the scheduled speakers will be: Dominic Perello, Social Science Instructor, who will deliver the conference's traditional "Inspiration talk" at 10 A.M. Monday. Dr. Bruce Kennelly, Physical Science Instructor will talk on "Opportunities in Agricultural Bio-Chemistry" while Tom Brannum, Animal Husbandry Instructor, will speak on "Commercial Beef Cattle Projects."

Warren Smith, Assistant Dean of the Agriculture will close the conference on Thursday, April 14, with a talk entitled, "Where Do We Go From Here."

State Gymnastics Meet on Campus Attracts Top Performers

Mustangs Meet Bulldogs Here Tomorrow in CCAA Twin-Bill

Eager to get back on the winning trail after seven consecutive losses, Coach Bill Hicks' Mustang baseball squad tangles with the Fresno State Bulldogs tomorrow on the Poly Diamond, first game scheduled to start at 12:30 PM.

Veteran Jim Newkirk will hurl for the Mustangs in the opener, with Ted Tollner scheduled for action in the seven-inning nightcap.

Hicks listed his starting lineup as Jerry Johnson, catcher; Bob

Williams, first base; Chuck Giordano, second base; Wayne Sorenson, third base; and Rally Rounsaville, shortstop. Hicks will start with Rich Simmons, Cameron Best, and Jim Taylor in the outfield.

Thinclads Win Again; Meet SF-LA Tomorrow

Sticking to his claim of "not losing another track meet for the remainder of the year", Walt Williamson's Mustang track team knocked over a combination Pomona College - Claremont Mudd College squad 72 2/3 to 87 1/8 here Wednesday afternoon before one of the largest track crowds in Poly's history in attendance.

Williamson's spikers head north tomorrow for a triangular meet with San Francisco State and Los Angeles State on the Gator's oval. Though San Francisco State will assume the role of host squad, Williamson figures the meet to boil down to a "dual" match between the Diablos and the Mustangs, since the Bay Area spikers have not displayed any degree of power to date.

Pre-meet color finds a natural looming in the 440 yard dash, with Los Angeles State's Chuck Cobb (48.4 seconds) and Poly's Vic Hall (47.9) scheduled to meet each other. All-American footballer Joe Womack will probably go against Hall in the 100 yard dash.

In last Wednesday's affair with the associated southern colleges, Mustang broad jumper, Art Wilson, stole the show with a 24'4 1/2" leap to nail top honors in the event. Williamson expects Wilson to near the 25 foot mark tomorrow, unless the weatherman is correct, and Wilson should resort to galoshes by necessity.

Doris Hester had a busy day for the Mustangs, placing third in the mile (his first try at this distance), second in the 880, and appeared in the winning mile relay quartet.

Bruner, Martin Box In NCAA Tourney

Bob Bruner, 118 pounder, and Freddie Martin, 189, are participating in the National Collegiate Athletic Association boxing championships now underway April 7-9 at the University of Wisconsin.

Both were finalists in the Pacific Coast Intercollegiate matches held in Sacramento two weeks ago. They will be accompanied by Coach Tom Lee.

The tourney has drawn more than 70 entries from 35 schools. Seven 1959 NCAA title holders will be back to defend their crowns. Bruner has won three matches and lost one in dual meets this season. Martin has won seven and lost one.

Mustangs Enter Full Team; LAS Favored

The gymnastic spotlight will turn to Cal Poly this weekend as the Mustangs host six visiting teams in the second annual State College Gymnastics Championships. Competition will begin Saturday at 2 P.M. in the new Men's Gymnasium.

Competing with Cal Poly in the Saturday meet will be teams from Sacramento State, San Francisco State, Long Beach State, Los Angeles State, San Jose State, and San Diego State.

Cal Poly coach Dr. Glenn Noble says most of the teams were recently in the Pacific Coast Intercollegiate meet at Berkeley and all demonstrated high quality performances.

The first state meet was held at San Jose State two years ago and was won by the host team.

Admission prices for the event will be 75 cents for general admission and 25 cents for students.

Cal Poly entries in the meet include: Chuck Cox, Julian Branca, Marlin Bolson, and Herman Farlough, rope climb; John Sewell, Branca and Cox, long horse; Branca, Sewell, Farlough, Kit Burton and Cox, still rings; Sewell, Branca, Cox and Bill Silva, free exercises; Sewell, Farrel Cumings and Cox, trampoline; Cox, Sewell, Hurten, Silva and Branca, parallel and Cox, horizontal bar; Branca, lei bars; Bolson, Branca, Sewell, Cox, Sewell, Dalton Sherwood and Hurten, side horse; Cox and Cox and Branca, tumbling; and Sewell Cox and Branca, all-around.

Some of the leading performers Montesani, Phil Hester and Ben Padilla of Los Angeles State and Bill Miller and Fred Kasch Jr. of San Diego State.

Mittmen Named All-Americans

Two Cal Poly boxers were honored this week by being named to the 1960 All-American Boxing Team. Freddie Martin, 189 pounds, was selected for the first team, while 118 pound Bob Bruner was named to the second team.

Martin and Bruner, accompanied by Coach Tom Lee, will represent Cal Poly at the NCAA championship tournament now underway at the University of Wisconsin.

San Jose State, strong contender for the NCAA crown this season, placed two men on the mythical team. Charley Brown was named top 147-pounder, while the tough Spartan heavyweight Archie Milton also took first team honors.

Of the 20 boxers selected by the National Intercollegiate Boxing Coaches Association, 15 were from western colleges, while seven of the remaining five were from the University of Wisconsin.

Sign Up Now For Intramural Track; Meet Is April 13

Students who do not participate in intercollegiate track will be given a chance to show what they can do when the annual Intramural Track Meet gets under way on Wednesday, April 13.

All students who wish to participate in the annual event must sign the sheet posted in the foyer of the Men's Gym by 4 p.m., on Tuesday, April 12, the day before the meet.

Any student who has previously competed in intercollegiate track is ineligible to enter. It is also pointed out that no spiked shoes will be allowed. Trophies will be awarded to individual winners and to dorm or club champions.

Notes From College Union

College Union's newest committee, Games and Hobbies, is sponsoring a pinocle tournament between April 18 and 20.

Barbara Hannon is in charge of arrangements for the tourney, and may be contacted for information. She says that all interested persons must sign up in either the ABB office or in the TCU.

Trophies will be awarded to the winning team. Competition will take place in the TCU.

The Hearst Castle Tour, previously scheduled for this Sunday, April 10, has been cancelled, according to Kay Williams, Activities Advisor. She added that all San Simeon Castle tours were filled up three months in advance.

Cal Poly's Infant Bridge Club topped a tie for second place in the National Intercollegiate Bridge Competition held recently. The novice team ranked second only to Cornell University who turned in a perfect score. Cal Poly's entry was good for a first in the western region.

Tired of being a wallflower? With Poly Royal coming you should be practicing up for the big dances. College Union has just the thing if you are a little rusty on your dance steps.

Every Wednesday evening from 8 to 9 P.M. in CR 19, Allen Wells, Ag. Chemistry sophomore, and Faye Clausen, physical education sophomore, teach dancing during an informal session.

OUTER SPACE... This is the theme that Gerry Anderson, El Rodeo editor, and the El Rodeo staff chose for the annual's cover style this year. According to Miss Anderson, only ten pages, concerning baseball and Poly Royal, remain to be sent to the publishers and the annual will be complete.

Yearbook Staff Meets April 1 Deadline

El Rodeo 1960 has gone to the printers and the staff has gone to whatever happy hunting ground there is for exhausted yearbook staffs.

After skipping classes and surviving on catnaps and El Corral de-appeased vitamins, the staff has sent 280 picture pages of Cal Poly students, faculty, and organized

and unorganized activities to Yearbooks, Inc. in West Covina.

The remaining ten pages, which cover baseball and Poly Royal, will be sent as soon as possible.

The blue and white cover was made in December. That same month the printers received the administration and faculty section and the feature section devoted to foreign students.

Columbus discovers the Winston Hemisphere

"Flavor, Ho!" The Admiral Shouted As He Sighted **FILTER-BLEND**

From the Captain's Log...

One Day Out. Weighed anchor and set sail in search of a filter cigarette that really tastes like a cigarette. Crew thinks this is wild goose chase.

One Week Out. Have sighted many filter cigarettes and smoked same. Crew still thinks the world is flat.

One Month Out. Discovered New World of smoking pleasure:

Winston! It is the only cigarette with a modern filter *plus* Filter-Blend—rich, golden tobaccos not only *spectacly selected*, but also *specially processed* for filter smoking. Crew now thinks this is a pleasure cruise.

One Year Out. Crew has mutinied. Refuses to go back to the Old World (non-Winston Hemisphere). I agree. Therefore I am founding a colony called Filter-Blend. Colony's motto will be:

Winston tastes good...like a cigarette should!
